Odoo Apps Dependencies

Community Apps Dependencies

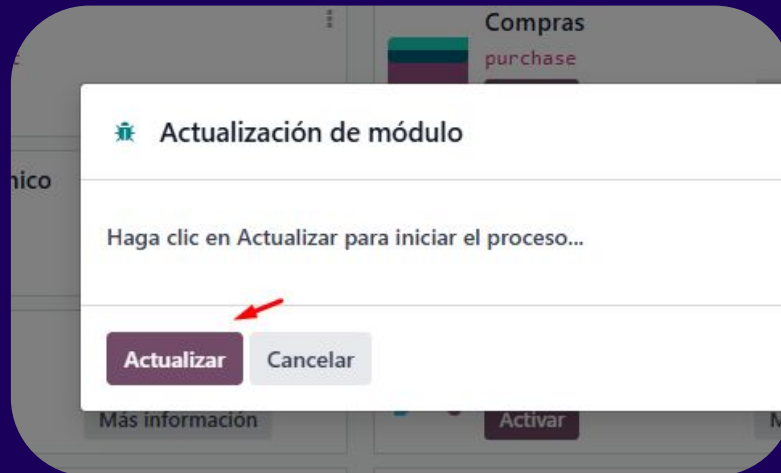

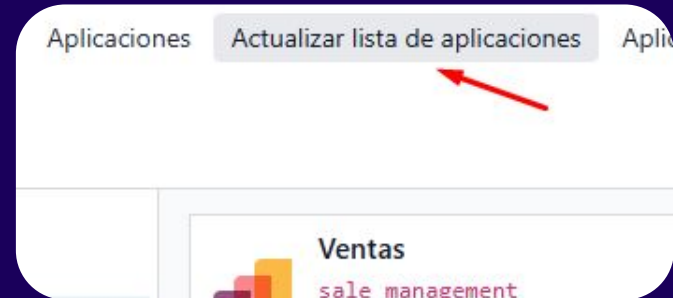

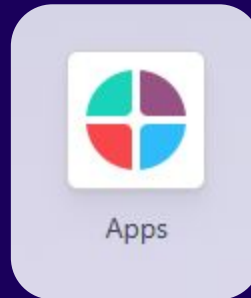

Modo desarrollador

- Damos clic en el ícono de configuración
- Damos clic en activar modo desarrollador y debe salir en la parte superior derecha una URL que nos indica que ya estamos en modo desarrollador.

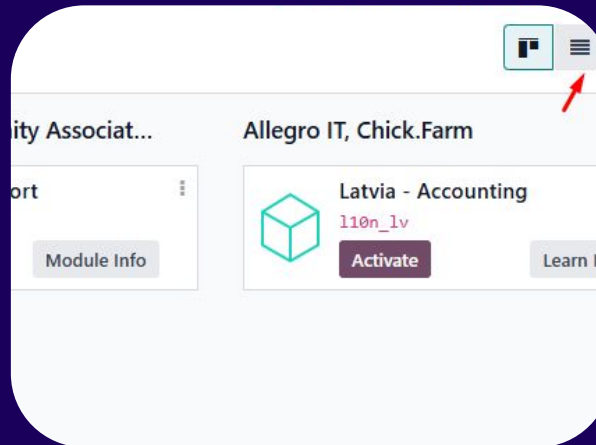

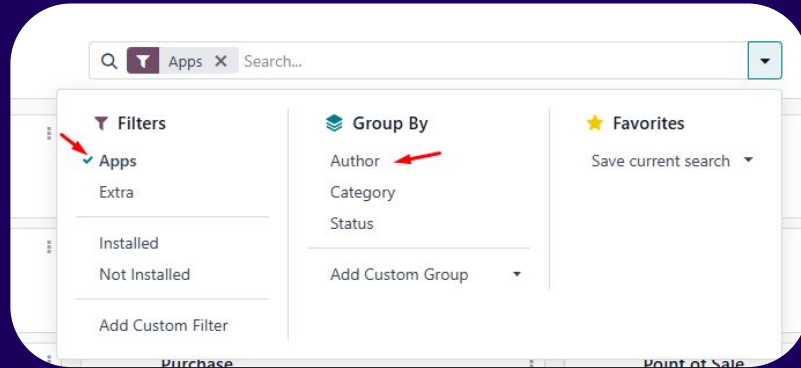

Seleccionar y descargar apps

- Damos clic en el ícono de App y en Actualizar lista de aplicaciones
- Damos clic en el botón de actualizar.

Seleccionar y descargar apps

- Damos clic en el filtro, seleccionamos autor y quitamos el filtro de apps.
- Damos clic en vista lista y desplegamos BACKOFFICE S.A.S.

Seleccionar y descargar apps

- Seleccionamos los módulos señalados y damos clic en activate.
- Luego de ello ya podemos visualizar las apps instaladas.
